WHAT IS YOUR COMPLAINT?

Please be as specific as possible within the space provided

Name of mass media invention promoter advertised:

Invention promotion services offered to be performed: PATENT SEARCH 695.00 FOR 8,500.00. They will process patent application for next 2 years. They would locate a manufacturer to sign a licensing agreement in which I would receive royalties.

Explanation of complaint between customer and invention promoter:

First of their services was a press release to describe the product to be published in some form of newspaper or magazine. I did not receive any proof this ever happened. Next was to produce a color photo and discretion to send to possible manufacturers. I was unhappy with the photo, but was told it would take time to change and should not be excited to move on. I approved it. This photo would be sent to 75-80 companies. They claimed to have no all the rights manufacturers for my product. I received a list of said companies. I then contacted several of them only to find one to be a logging company, another made particle board and another who made building materials, none of which would be my idea of possible candidates. Yet they claimed to know what they were doing. At my expense, after 2 years and no luck, ISC informed me they had done pursuing the licensing of my idea. All said and done, my cost was 10,195.00 for a patent.
