Name of mass media invention promoter advertised in: (i.e., TV, Radio, Newspaper, Magazine, Other)

Internet on the 'Patent Cafe' site.

Invention promotion services offered to be performed:

Invention Evaluation with Licensing & Marketing Services.

Explanations of complaint between customer and invention promoter:

First, At a cost of $150, they promise an evaluation in 3-5 weeks and in my case it took nearly 9 weeks. Next, after receiving and reviewing the evaluation, the company added things to it that were not ever disclosed and took things away from it that were disclosed. Specifically, they mentioned &... of which I never disclosed. Also, in the evaluation they mentioned that I had not done a patent search or applied for a patent of which I disclosed to them I had in Oct. 2001. I also sent them my attorneys address and other related paperwork.

All I received was a cut, copy and paste document that is sent to all their customers as a patent evaluation.

Finally, they sent resources (internet sites) that could be contacted and specifically one of them (lambertfunding@venturemap.com) is not even a registered website or E-mail address.

Thank you for reading my complaint, and I can be contacted at DOCUMENT REDACTED or by E-mail at
