## Explanation of complaint between customer and invention promoter:

I am filing a complaint against this company called I.S.C. as was known to me Invention Submission Corporation, and is now or last I knew to be Invent Help. I have invested a considerable amt. of money \$12,506.16 with interest, Attorney, and filing fees, I was "never" given the option of which attorney I could use. I was NEVER told about the Utility versus Design Patent, or which patent would be best for my idea. I contacted I.S.C. to help me get the right Patent, and also get it to market, as well as protect my invention. I don't feel they have acted in my best interest. It has been almost (3) years since this has all taken place. They said they would help me get it out there, and got me a Design Patent when it should have been a Utility Patent that was needed. I found out about the utility after doing some research myself, and talking to some other Co.'s. I also found that this Co. I.S.C. has not properly protected my invention because they did not get the utility Patent. Since I've learned that I got the wrong type of Patent I've done some checking on the web. I found that a F.T.C. settlement back on Feb 7, 1994 that said "I.S.C." was prohibited from misrepresenting, that I.S.C. was to assist clients in advice on where to look "not get" their Patents Attorney's. I.S.C. did not do that, they chose my Attorney. The settlement also said that if there was a complaint against I.S.C. they would be in violation, and they would have to cancel the contract and a full refund would be due. I fully believe that I.S.C. is in violation, and therefore owe me a refund in FULL. Furthermore the Attorney to which was selected for me had filed my patent in correct, and I have been trying to get it re-submitted" but" with the UTILITY Patent. After several calls to Attorney; Ashkan Najafi P.A. 6817 Southpoint Parkway Ste 2301, Jacksonville, FL 32216 Phone. 904 296-0055 Fax. 904 2960056 e-mail [patentattorney@patent-usa.com](mailto:patentattorney@patent-usa.com). I've been trying to inquire as to how much it will cost for the UTILITY so I could send the full amount BUT no-one has returned my calls, which leads me to believe that they are trying to do their own thing. They also said that since they submitted my invention wrong that they would NOT re-charge me except for the re-file, but I don't know what that is since they are NOT returning my calls.

Last after \_\_\_\_\_ and life savings to get this out there
