WHAT IS YOUR COMPLAINT?

Please be as specific as possible within the space provided

Name of mass media invention promoter advertised:

Invention promotion services offered to be performed:

To evaluate how marketable my idea would also to do a research report and if my invention could be patentable

Explanation of complaint between customer and invention promoter:

Joel Armstrong from ISC told us I had to have a market report that would come in bound book to present to companies. He also said that no companies would look at my idea unless I had this research report done. He said they wouldn’t take my idea seriously we feel he mislead us to charge us $925.00 to have this book made. Now he says since the report came back positive to pressure the idea would cost from $8,490 for $14,040. For them to present my idea to companies. He also told me it would cost that much just to patent my idea if a lawyer did it.

I feel like I was mislead.
