Name of mass media invention promoter advertised in: (i.e., TV, Radio, Newspaper, Magazine, Other)

Invention promotion services offered to be performed:

Obtain a market for patented technologies and obtain a licensing

Explanation of complaint between customer and invention promoter:

Failure of MMG to provide an approved "Prospectus", also called a
Media Kit. Upon checking with a local inventors' group, it was
disclosed that MMG did not comply with either the Kansas Law which
required them to enter into the words of the House Bill 2792, supplement
to the Kansas Consumers Protection Act, of the contract, "Agreement"
signed into Kansas Law on July 1, 1990 and in addition, also omission of
The American Inventors' Protection Act of 1999.

The omitted disclosures would have resulted in not entering into an
Agreement with MMG. This invention promotion company, operating in
Kansas, has no excuse for ignoring the requirements of the supplement to
the Kansas Consumers Protection Act, nor can they ignore the requirements
of the Federal Law, The American Inventors' Protection Act Of 1999, and
are operating in a deceptive manner,
